DETAILED ACTION

1. This Office Action follows a response filed on August 29, 2007. Claims 1 and 10-18 have been amended; no claims have been cancelled or added.
2. In view of the amendment(s) and remarks the rejection of claims 1-9, 12, 13, 15 and 16 under 35 U.S.C. 102(b) as being anticipated by Inagi et al. (EP 0735 122 A2) and the rejection of claims 10 and 11 under 35 U.S.C. 103(a) as being unpatentable as obvious over Inagi et al. in view of Weaver et al. (U. S. Patent 6,713,641) have been withdrawn.
3. Claims 1-13, 15 and 16 are pending.

Claim Objections

4. Claim 1 is objected to because of the following informalities: the claim recites "... a monomer composition" instead of "... a monomeric composition". Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-13, 15 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The amended claim 1 recites the polymer composition consisting of components a) – e), including different groups of monomers a) – c), and also d) an initiator and e) a

Art Unit: 1796

liquid, chemically inert medium. It is not clear from the disclosure whether the components d) and e) are the parts of the final polymer composition, or they were used only during the polymerization process and further being deleted. Therefore, one having ordinary skill in the art cannot determine the scope of the claimed subject matter.

Appropriate clarification is required.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
